Hi Tiffany, it would be great to invite Larry. Thank you so much for coordinating this. Please let us know if any of those times work for him as well. But I see in my e-mail below that I think our availabilities got muddled when I was cutting and pasting, so here is a fresh look at our availabilities:

Monday 4/27 from 4-5

Tuesday 4/28 from 1-2

Friday 5/1 from 3-5

Monday 5/4 from 11-5

**Subject:** RE: Swinomish public outreach project?

Hey Lisa,

I'm definitely more than willing to have a conversation about their public information and education project, but I think it would be more helpful to have Larry on the phone as well. Like you mentioned, I just reviewed his FEATS and he's let me know that there were delays over the last six months, but that their project would be starting back up again within the next month. He also told me that he anticipated that they would be able to complete their FY12/Round 3 contract/funding by their contractual end date of 9/30/15.

I'm attaching their FY12 and FY13 workplans here just to make sure that you have the official versions. Can I extend your email and availabilities to Larry?

Thanks!

Tiffany

Hi Tiffany,

Gina mentioned that a couple EPA people were talking with Larry W about the public outreach work Larry had been doing under his subaward and it sounded like activity was resuming/re-invigorating under that. I was wondering if we could chat about that and see if you have any insight about what is being planned. I did just check on-line at their latest FEATS report (3/31/15) and it looks like that element has been delayed, but that they are hoping to gear back up in May. It would be just Gina and myself on our end.

Next week, Monday from 4-5, Tuesday from 1-2, or We are open between 1-2 today, or Friday from 3-5 all look open for both Gina and myself now.

Thank you!

Lisa
